SUBJECT: 2006 Joint Services Environmental Management Conference

The 2006 Joint Services Environmental Management Conference & Exhibition will be at the Denver Convention Center, Denver, Colorado, March 20-25, 2006. The theme of this year's conference is *Transformation*. The 2006 JSEM Conference and Exhibition will be held in conjunction with the GeoSpatial Technologies Symposium & Exposition, creating an excellent opportunity to highlight the use of GeoSpatial tools to meet Environmental Management needs.

Please encourage your organizations to participate fully in the JSEM Conference and the GeoSpatial Technologies Symposium. These two conferences provide an excellent opportunity to learn about the future directions of DoD's environmental and geospatial programs.

We are expecting about 3,500 attendees. The attendees will be operational, acquisition, logistics, R&D, and environmental professionals from the Office of the Secretary of Defense, the Military Departments, the Defense Agencies, Joint Chiefs of Staff, military installations all over the world, Environmental Protection Agency, other Federal agencies, state environmental offices, various environmental non-governmental organizations, and various Defense contractors.

The National Defense Industrial Association (NDIA) has reserved rooms for Component specific discussions on Monday, March 20<sup>th</sup>. Please ensure that you take full

advantage of this opportunity. It is important that you issue clear information about the agenda and who should attend.

Your registration is free. Please return the attached registration form to Ms. Maureen Sullivan of my staff. Using this registration form, the NDIA staff will make arrangements for your badge and packet to be ready when you arrive.

Most of the hotels are filling up rapidly. Hotel options are posted at [www.jsemconference.com](http://www.jsemconference.com). I encourage you to make your reservations as soon as possible.

Again, I hope you will be able to participate in 2006 Joint Services Environmental Management Conference. We expect to have a great conference.

Alex A. Beehler

Assistant Deputy Under Secretary of Defense  
(Environment, Safety and Occupational Health)
